OUR INSTRUCTIONAL LESSONS TEACH YOU FISHING TECHNIQUES & KNOWLEDGE FOR THE ALPINE LAKES & RIVER SYSTEMS.

At Lakeside Lures & Tackle we'll teach you how to effectively use your fishing tackle & provide weather factors & knowledge to increase your chances at catching trout, for bait & lure spinning. All fishing tackle & rods for your lesson are supplied by us. We'll start your lesson with a safety brief, followed by a detailed step by step skills lesson.

LEARNING ENVIRONMENT

Your lesson will be a private group up to 4 family members or friends. We have over 25 years combined experience in customer service, we believe this is the best learning environment for children & adults.

BE PREPARED

Alpine weather conditions can vary & change quickly here in Jindabyne. We recommended to bring a broad brim hat or cap, sunblock, rain jacket or jumper depending on the forecast for your lesson.

CATCH GUARANTEE

Be mindful that weather conditions & time of year affect trout, we can't predict how they'll behave on the day. Average catch rate is one fish per hour, you can be lucky & catch more or catch nothing.

SUPERVISION

For lessons where up to 4 children are participating only, please have a parent or guardian present for the lesson duration, for assistance with the children & emergency point of contact if necessary.

BEST TIMES

Sunrise & sunset are ideal feeding times for trout. They can come on the bite during the day, depending on the weather. A slight drizzle can stir them up & overcast weather provides low light conditions.

CHILDREN

We recommend age 7+ for bait fishing & 10+. We teach children the correct techniques needed to fish effectively, cast lures, how to rig up a rod & learn stream craft for fishing in trout waters.
